GALLUS INGROUND

KINDERGARTEN & SCHOOLS

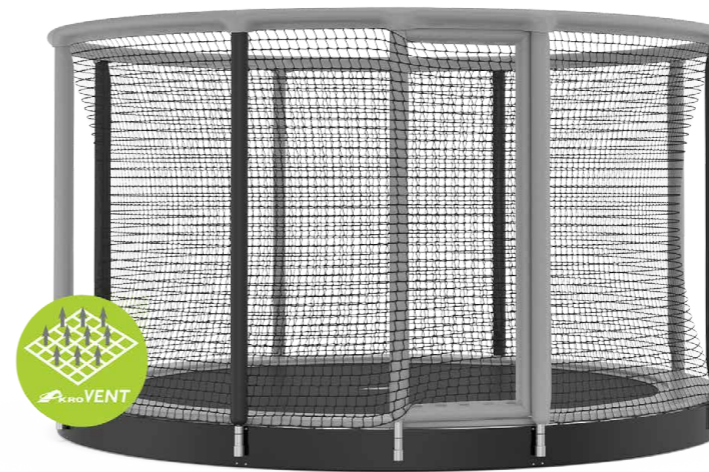

MEDICAL & SPECIAL NEEDS

PLAYGROUNDS

CAMPING

HOTELS & RESORTS

The new generation of inground trampolines was developed to withstand intensive use and provide maximum safety for the users of frequently visited venues such as hotels, restaurants, camping grounds, schools, kindergartens, playgrounds and rehabilitation centers. The flush-to-ground design makes the Gallus Inground even more visually appealing and fun to use.

- Flush to the ground design
- Temperature range -40 °C / +70 °C
- Beginner to professional / rehabilitation
- Quiet operation
- All season use
- Innovative AkroVent jumping mat

- 1 Safe and easy entrance with self closing door
- 2 Resilient, UV & tear resistant, full net enclosure
- 3 Protective top ring for maximum safety
- 4 Premium quality, UV & water resistant heavy duty safety padding
- 5 Extremely easy assembly with AkroClick system
- 6 Patented AkroVent jumping mat for effective air flow, superior bounce performance & tear resistance
- 7 Fire, water and temperature resistant high density foam with prolonged life-span
- 8 Rust and crack resistant retaining wall keeps soil in place
